2. Example A is better. It answers the questions in exercise 1. In example B, the second sentence does not follow on logically from the given sentence because it doesn't talk about anything amazing but rather it describes a normal situation.

3. 3-5 sample answer

I walked into the room and everyone stopped talking. All my family were there in the living room and they looked at me in surprise. I didn't know why. I sat down and said, "what's the matter?" My mother said, "James, what happened to your hair?" I went out to the hall and looked in the mirror. My hair was green! Then, I remembered washing my hair with a new shampoo the night before.

I went back into the room and saw my little sister laughing. She showed me a little green bottle and ran out of the living room. I ran after her, really angry.

**Please, ask your teacher if you have
made a mistake and would like it
